ABOUT THE COVER:

Mary Taylor is a talented photographer with deep roots in coastal Georgia, known for capturing the natural beauty, wildlife, culture, and history of the Lowcountry. With a keen eye for detail and a passion for storytelling through her lens, she transforms everyday landscapes into extraordinary moments of wonder. Taylor's connection to the region runs deep— not only did she begin her career in Darien after graduating from the University of Georgia, but her work is also inspired by her personal experiences growing up near the coast.

Her latest project highlights the historic vessel "Kit Jones," launched in 1939 by Sapelo Island owner R.J. Reynolds. Over the years, the "Kit Jones" served as a tug boat, Sapelo Island ferry, WWII fire boat, and a research vessel for both UGA and the University of Mississippi. Now back home, the "Kit Jones" stands proudly on display in Darien, and Taylor's photography celebrates this vessel's rich heritage, offering visitors a visual journey through its remarkable history. Through her lens, Mary Taylor continues to share the unique stories of coastal Georgia, one image at a time.

REDUCE YOUR RISK FROM NATURAL HAZARDS

Georgians face a variety of threats to their health and safety from natural hazards such as thunderstorms, lightning, tornadoes, floods, flash floods, hurricanes, heat waves and winter storms. Fortunately, the impact of these hazards can be significantly reduced through awareness, planning and preparedness.

Darien Telephone Company and the Georgia Emergency Management

Agency (GEMA) encourage each family to develop a family disaster plan before disaster strikes. For more information about family disaster plans, contact your local emergency management agency (EMA) at **912-437-5170**, the nearest chapter of the American Red Cross or the National Weather Service. Remember, when severe weather approaches, monitor local radio and TV stations or NOAA weather radio and follow the safety tips below:

■ Thunderstorms / Lightning

- Delay outdoor activities.
- If caught outdoors, move quickly indoors or into a hardtop vehicle—avoid convertibles.
- Stay away from trees, sheds, telephone or power lines, metal pipes or fences.
- If inside, avoid using telephones or other appliances.

■ Tornadoes

- If a watch is issued, tornadoes are possible—stay alert and be ready to take immediate cover.
- If a warning is issued, a tornado has been sighted or observed on radar—move to shelter, such as a basement or interior hallway, immediately.
- If outside, seek shelter in a safe building, ditch or low area.
- Evacuate mobile homes immediately.
- Leave vehicles—take shelter in a building, ditch or low area.

■ Floods / Flash Floods

- Learn local flood risks.
- Purchase flood insurance.
- During flood, store drinking water in clean bathtubs and other containers.
- Keep supply of food that requires no refrigeration or cooking.
- Do not eat food that has come in contact with floodwaters.
- Be aware of downed power lines and other utility disruptions.
- Avoid flooded areas, do not drive on flooded roads and evacuate stalled vehicles in flooded areas.

■ Hurricanes

- If a watch is issued, a hurricane may strike within 24–36 hours.
- If a warning is issued, a hurricane is expected to strike within 24 hours.
- Have a 3-day supply of nonperishable food and a “disaster kit” with spare clothing, first aid supplies including prescriptions, flashlights, portable radio, batteries, credit cards and cash.
- Fill vehicle fuel tanks.
- Shutter windows and tie down/bring in lawn furniture, grills, etc.
- If local officials recommend evacuation, leave.

■ Heat Waves

- Slow down; avoid strenuous activity.
- Stay indoors; if air conditioning is not available, stay on the lowest floor and out of the sunshine.
- Wear lightweight, light-colored clothing.
- Drink plenty of water regularly and often. Avoid drinks with alcohol or caffeine.
- Eat small meals and eat more often—avoid high-protein foods since they increase metabolic heat.
- Avoid salt tablets unless a doctor advises otherwise.

■ Winter Storms

- If a watch is issued, be alert to changing conditions. Avoid unnecessary travel.
- If a warning is issued, stay indoors. If you must go outside, wear several layers of lightweight clothing, gloves and a hat. Cover your mouth to protect your lungs. Understand the dangers of wind chill. Walk carefully and avoid overexertion.

TELEPHONE TROUBLESHOOTING

Should you experience problems with your telephone line or equipment (such as no dial tone, static or other noise), there are several troubleshooting steps we recommend that you take first

before calling us to request a service repair. Locating the problem yourself could save you the cost of a premise visit.*

HOW TO TEST YOUR EQUIPMENT

If you own your telephone or other related equipment and experience trouble with your telephone service, follow the steps shown here to try to isolate the difficulty before you call us to report trouble. Locating the problem yourself could save you the cost of a premise visit.*

Firmly plug in cords. See that handsets are in place.

COMMON PROBLEMS

Can't Make Outgoing Calls

If you cannot make outgoing calls, unplug all of your phones, answering machines, etc. At various jacks, plug in each phone individually and make a test call. Continue until you find the phone that doesn't work. You may also try to use your phone(s) at a friend or neighbor's house. If an individual phone does not work at any jack including your neighbor's jacks, then the trouble is probably in the phone. If all phones work at your neighbor's jack but not your own, then the trouble is probably in your inside wiring or outside cable.

Can't Receive Calls

If you have difficulty receiving calls, follow the steps above, but have someone try to call you. Make certain your phone(s) are not off the hook and that your ringer switch is in the on position. If you can dial out but can't receive calls, chances are the problem is with the phone.

Crosstalk: Hearing Other Conversations on Your Line

If you have a cordless phone, try changing the channels on the phone.

Lightning

If you suspect lightning may have hit your line, begin by unplugging your phone equipment. Examine the jacks and plugs as you do. You may see where the modular plug or jack has been burnt. Sometimes replacing the jack or cord can remedy the problem; other times the phone may be shorted and needs to be replaced. Try the phone at a neighbor's before replacing it.

*If you ask Darien Telephone to make a service repair visit to your premise, there may be a charge for the visit. Darien Telephone is responsible for repairs to your outside wiring only. The cost of repairs to your inside wiring will be covered by Darien Telephone only if you subscribe to our Inside Wire Maintenance Service; otherwise, the cost of repairs to inside wiring is the responsibility of the customer. Darien Telephone is not responsible for the cost of repairs to customer-owned equipment.

For information about any telephone service, call our Business Office. A service representative will be glad to help you.

■ **Business Transactions with Darien Telephone Company**

Our aim is to render a satisfactory service to our customers; however, difficulties will sometimes occur despite all efforts to avoid them. How to place long distance calls, secure numbers not listed in the Directory, report a telephone out of order and make emergency calls are shown elsewhere in this Directory. All other matters should be taken up with the Business Office by telephone, personal visit or letter.

■ **Application for Service, Changes and Discontinuances**

Applications may be made by telephone or by visiting the Business Office in Darien or online at www.darientel.net.

■ **Payment of Bills**

Bills are mailed and posted on SmartHub on the 1st of the month. Bills are due and payable by the 10th of each month, and we ask your cooperation. Bills paid after the 19th of the month have a penalty applied. Any delinquent subscribers are subject to having their services discontinued without further notice. Bills must be paid by 5:00 p.m. on the 29th of the month they are due.

For the convenience of our subscribers, bill payment can be made on our website (www.darientel.net), by phone (912-437-4111), or in person at our Darien office (open from 8:00 a.m.–5:00 p.m. weekdays). Outside drop boxes are also available..

SmartHub

SmartHub is a service that gives you the option to view and pay your bill online. By accessing the Web, you can review and pay your Darien bill from anywhere! In addition to saving time and paper, SmartHub offers convenience if you travel out of town or have a second home. SmartHub is easy to use; simply log on to our website at www.darientel.net and click on the SmartHub tab. Once you have signed up, you will be able to view current and historical billing information and payment history. You can then pay your bill online using your debit card or American Express, MasterCard, Visa or Discover cards. You will also have the choice to eliminate receiving a monthly paper statement. Visit our website today to sign up for this free service!

■ **Business Rate**

Determination of which service is subject to the business rate will be made by the location of the telephone instrument or the primary use made of the service. The business rate will apply when the telephone is located on premises primarily and essentially used for business purposes such as offices, stores, shops, factories and garages. The business rate also applies to telephones located in domestic establishments when the service is used substantially for, or advertised for, business purposes.

■ **Transmitting Messages**

Employees of Darien Telephone Company may not accept oral or written messages to be transmitted over Telephone Company's lines.

■ **Telephone Directories**

No binder, holder or other cover, except those furnished by the Telephone Company, shall be used in connection with any telephone directory.

The Telephone Company assumes no liability for damages arising from errors or omissions in the making or printing of the Directory; however, the utmost care is used in listing all subscribers correctly.

TELEPHONE CONTRACTS—RULES AND REGULATIONS

■ **Unauthorized Use of the Telephone**

The use of a subscriber's telephone is limited to the subscriber and his family or employees in his interest. Subscribers have no right to

allow its use by other parties. The telephone may be removed if this condition of the contract is disregarded. The subscriber assumes all responsibility for local or toll messages sent from the subscriber's station and for toll messages received at such station on which the charges are reversed with the consent of the person called.

■ **Number May Be Changed**

The subscriber has no property right in any telephone number and Darien Telephone Company may change the telephone number of a subscriber whenever it deems it desirable in the conduct of business.

■ **Tariffs**

Tariffs, which show rates, rules and regulations for telephone service, are on file with the Regulatory Commission having jurisdiction over such matters and are available for public inspection at our Business Office.

■ **Billing Rights for Interstate Pay-Per-Call Services**

This statement outlines your billing error rights with respect to telephone-billed purchases made using interstate "900" pay-per-call services that are billed to you by the Darien Telephone Company on behalf of various long distance carriers. These rights are provided under the Federal Telephone Disclosure and Dispute Resolution Act.

You may provide notice of a billing error to the Darien Telephone Company in person, over the telephone or in writing. The following information is required to research the billing error:

- 1) customer name and telephone number,
- 2) date, amount and type of error and
- 3) why you feel an error has occurred.

You, as a subscriber, have the right to withhold payment of the disputed amount pending completion of the billing review. Also, you cannot be charged for a billing review of the "900" pay-per-call calls.

If a billing error has occurred, the Darien Telephone Company will provide explanation and your account will be adjusted accordingly.

If a billing error has not occurred, the Darien Telephone Company will notify you when the payment is due for the portion of the bill being disputed. Payment must be made in the normal course of billing or as otherwise provided, but not less than ten days after the request for payment is made.

The provider of the "900" service, the long distance carrier and the Darien Telephone Company reserve the right to take whatever action is necessary to collect the outstanding sum if payment is withheld.

■ **Disclosure Under FCC Rule 64.1509 (b)**

Your local exchange and long distance service cannot be disconnected or interrupted as a result of your failure to pay charges for interstate pay-per-call service, charges for interstate information services provided pursuant to a pre-subscription of comparable arrangement, or charges you have disputed for interstate tariffed collect information services.

You can obtain blocking of access to services offered on the 900 service access code, where it is technically feasible, at no charge within 60 days after you subscribe to a new number and it becomes effective. Other requests for blocking will be subject to a reasonable one time fee. Our tariffs include the terms and conditions that apply.

You have a right not to be billed for pay-per-call services not offered in compliance with federal laws and regulations established under Titles II and III of the Telephone Disclosure and Dispute Resolution

Act. Your access to “900” service may be involuntarily blocked for failure to pay legitimate pay-per-call charges.

■ **Non-Payment or Violation of Contract**

In the event of the abandonment of the station, the non-payment of any sum due or any other violation by the subscriber of the Telephone Company’s rules and regulations applying to subscriber’s contracts or to the furnishing of service, the Company may without notice, either (a) suspend service until all violations have ceased, or (b) terminate the subscriber’s contract without suspension of service, or (c) following a suspension of service, sever the connection and remove any of its equipment from the subscriber’s premises. When service has been suspended for non-payment of charges, restoration of service is made upon payment of charges due and, in addition, a restoration charge.

When services have been removed for non-payment, the contract is considered to have been terminated. Re-installation of service may be made only upon execution of a new contract.

■ **Access to Subscriber’s Premises**

For the purpose of inspecting, repairing or removing any part of the Telephone Company’s equipment, apparatus and lines at the subscriber’s premises, the Company’s employees shall have access thereto at any reasonable hour. No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber’s premises resulting from the placing of the Company’s instruments, apparatus and associated wiring on such premises, or by the removal thereof, when such defacement or damage is not the result of negligence on the part of the Company or its employees.

The Telephone Company shall not be liable for damage or statutory penalties in any case where a claim is not presented in writing within 60 days after alleged delinquency occurs.

■ **Uninterrupted Service Not Guaranteed**

In view of the possibility of errors and difficulties in the transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the subscriber assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments. In case service is interrupted otherwise than by the negligence or willful act of the subscriber, an allowance is made, computed on the basis of the minimum monthly rate for such of the telephone service, equipment and facilities furnished as are rendered useless or inoperative. Such allowance covers the period the interruption continues after notice in writing is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.

TELEPHONE SAFETY

The telephone and system serving you can be regarded as generally safe to use. There are, however, a few situations in which telephone users need to be cautious:

■ **Use of the Telephone Near Water**

The telephone should not be used while you are in the bathtub, shower or pool. Immersion of the telephone or handset in water could cause an electrical shock.

■ **Use of the Telephone During an Electrical Storm**

You should avoid using a telephone during an electrical storm in your immediate area. Calls of an urgent nature should be brief. Although the telephone industry uses protective devices to prevent abnormal electrical surges from entering your home or business, absolute protection is impossible. There is always a remote chance of a dangerous electrical shock from lightning when using the telephone during a nearby electrical storm.

■ **Use of the Telephone to Report a Gas Leak**

If you think you have found a gas leak, you should not use a

telephone in the vicinity of the leak until the leak is repaired. The telephone contains electrical contacts that could generate a tiny spark to trigger an explosion if the gas concentration is high enough. You should go to another location to report any gas leaks.

■ **Teaching Your Children to Dial in an Emergency**

Your children need to know how to use the phone in an emergency. Teach them how to dial the emergency numbers shown on page 1 of this book when they need help. Also make sure they know their home telephone number and address.

YOU AND YOUR TELEPHONE

■ **Customer-Provided Equipment**

Customer-provided equipment may be connected to Telephone Company facilities only if it is registered or otherwise complies with the Federal Communication Commission’s (FCC) rules and meets the conditions set forth in the general exchange tariff of the Darien Telephone Company. Advance notification to the Telephone Company, by the customer, of the type of equipment to be connected and the type of Telephone Company facility required to make the connections, is necessary. These FCC rules and tariffs are designed to meet the convenience of the customer and at the same time protect the telephone network against any possible hazards to customers and Company employees.

A service charge may be incurred if the Telephone Company visits the premises of the customer and the service difficulty or trouble is found to have been caused by the customer’s equipment or facilities.

If you have any questions concerning the use of customer-provided equipment, please contact our Business Office

■ **Your Telephone Number Is Important**

When your telephone number is preceded by your area code, it is the only one like it in the United States or Canada. Show your area code and telephone number on your stationery, statements and advertising items. It makes it easier to reach you.

■ **Recorded Conversations**

Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company’s tariffs and is not permitted. A short “beep” tone heard on your telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation. This signal is provided for your protection. When you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When it is disconnected, you will no longer hear the “beep” tone.

■ **How to Handle Annoyance Calls**

It is against the law in the state of Georgia to make an obscene, harassing or threatening telephone call. When you receive such a call, follow these suggestions:

- 1) When answering your telephone, say hello twice. If no one answers, HANG UP.
- 2) Do not give information until you are absolutely certain you know who is speaking.
- 3) Instruct children not to give any information to strangers over the phone.
- 4) Hang up when you hear something off-color or obscene.
- 5) Never reveal the fact that you are alone.
- 6) When annoyance calls persist, contact your local law enforcement agency.
- 7) Calls of a threatening nature should be reported to a law enforcement agency immediately.

■ **Automatic Answering Sets**

If a long distance call is answered by an automatic answering device, toll charges will apply. Charging begins when the called telephone is answered by the automatic answering device.

CONSUMER NOTIFICATION Georgia Do Not Call List/ Federal Do Not Call Registry

Georgia residential consumers who want to reduce the number of unwanted telemarketing calls from telephone solicitors trying to get you to purchase, rent or invest in property, goods or services are encouraged to register with the free Federal Do Not Call Registry.

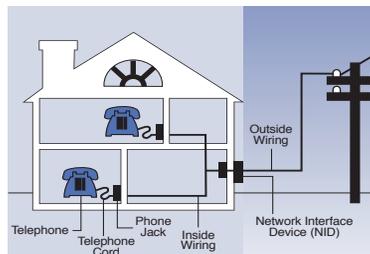

Consumers are placed on the Georgia Do Not Call List free of charge simply by registering their phone numbers with the Federal Registry. You may register your phone number with the federal list online at www.donotcall.gov or by calling toll-free, 888-382-1222, TTY 866-290-4236 from the number you wish to register.

While being on the Do Not Call Registry may significantly reduce the number of unwanted solicitations you receive, it will not prevent you from receiving calls from:

- (1) Businesses that have an established relationship. An established relationship exists if you have purchased, leased or rented goods or services from the business within 18 months preceding the call, or if you have submitted an application or made an inquiry to the business within the three months preceding the call;
- (2) Recognized charitable or religious organizations; or
- (3) Political pollsters or candidates for public office.

Federal law requires telemarketers to search the Registry every 31 days and synchronize their call lists with the phone numbers that are on the Registry. If you receive telemarketing calls after you have registered your telephone number and it has been in the Registry for 31 days, you can file a complaint at DONOTCALL.GOV or by calling 888-382-1222, TTY 866-290-4236. You will have to know the company's name or phone number to file a "do not call" complaint.

INSIDE WIRE MAINTENANCE AFFORDABLE PROTECTION!

Accidents, and corrosion are just a few of the things that can damage your inside telephone and cable wiring. But here on the coast, the leading cause of damage to inside wiring is lightning strikes from daily thunderstorms. Without protection, you could end up with an expensive repair bill.

If your home is "Loop Wired," which means one feeder wire that continuously loops from jack to jack inside of the walls, it most likely cannot be duplicated when one section of the loop becomes damaged. The original wires would have been installed at the construction stage of the home when the walls were open to studs. The repair will require a new wire that may be partially exposed depending on the construction of the home.

Fortunately, Inside Wire Maintenance plans are available for a low monthly fee. Normally, Darien Telephone Company and Darien Communications are responsible only for maintaining your outside telephone and cable wiring. However, when you sign up for Inside Wire Maintenance protection, we will also maintain your inside wiring.*

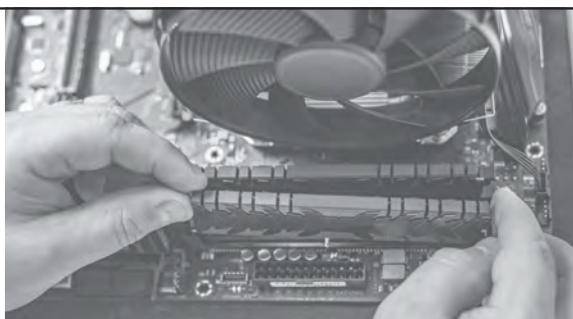

**To subscribe or if you have questions, call our
Customer Service Representatives at 912-437-4111.**

*If you are a PBX or Key System customer, please call for information on maintenance plans for these systems.

Local and Long Distance Dialing DARIEN, EULONIA & SAPELO ISLAND

LOCAL LANDLINE CALLING*

■ Darien customers may call the following locations without incurring toll charges:

- Brunswick
- Sapelo Island
- Eulonia
- St. Simons Island
- Jekyll Island

■ Eulonia customers may call the following locations without incurring toll charges:

- Brunswick
- Sapelo Island
- Darien

■ Sapelo Island customers may call the following locations without incurring toll charges:

- Brunswick
- Eulonia
- Darien
- St. Simons Island

*Some calls to Brunswick cell numbers and/or Internet dial-up numbers may not be considered local.

LONG DISTANCE CALLING

■ To dial direct:

Dial 1 + area code + telephone number

■ To use a long distance company other than the preselected one:

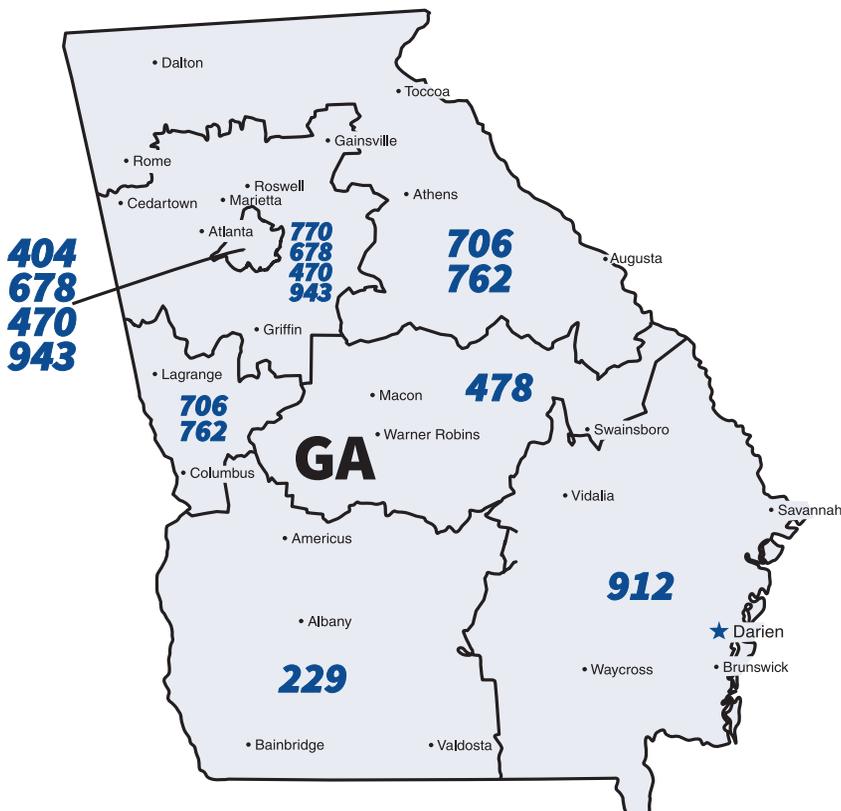

Dial access code + 1 + area code + telephone number

■ Distant area codes:

- To obtain distant area codes, look on page 9 of this Directory. If the place you wish to call is not listed, dial "Operator" to ask for this information. Charges may apply.

■ Distant telephone numbers:

- To obtain distant telephone numbers, dial 4-1-1. Charges will apply.

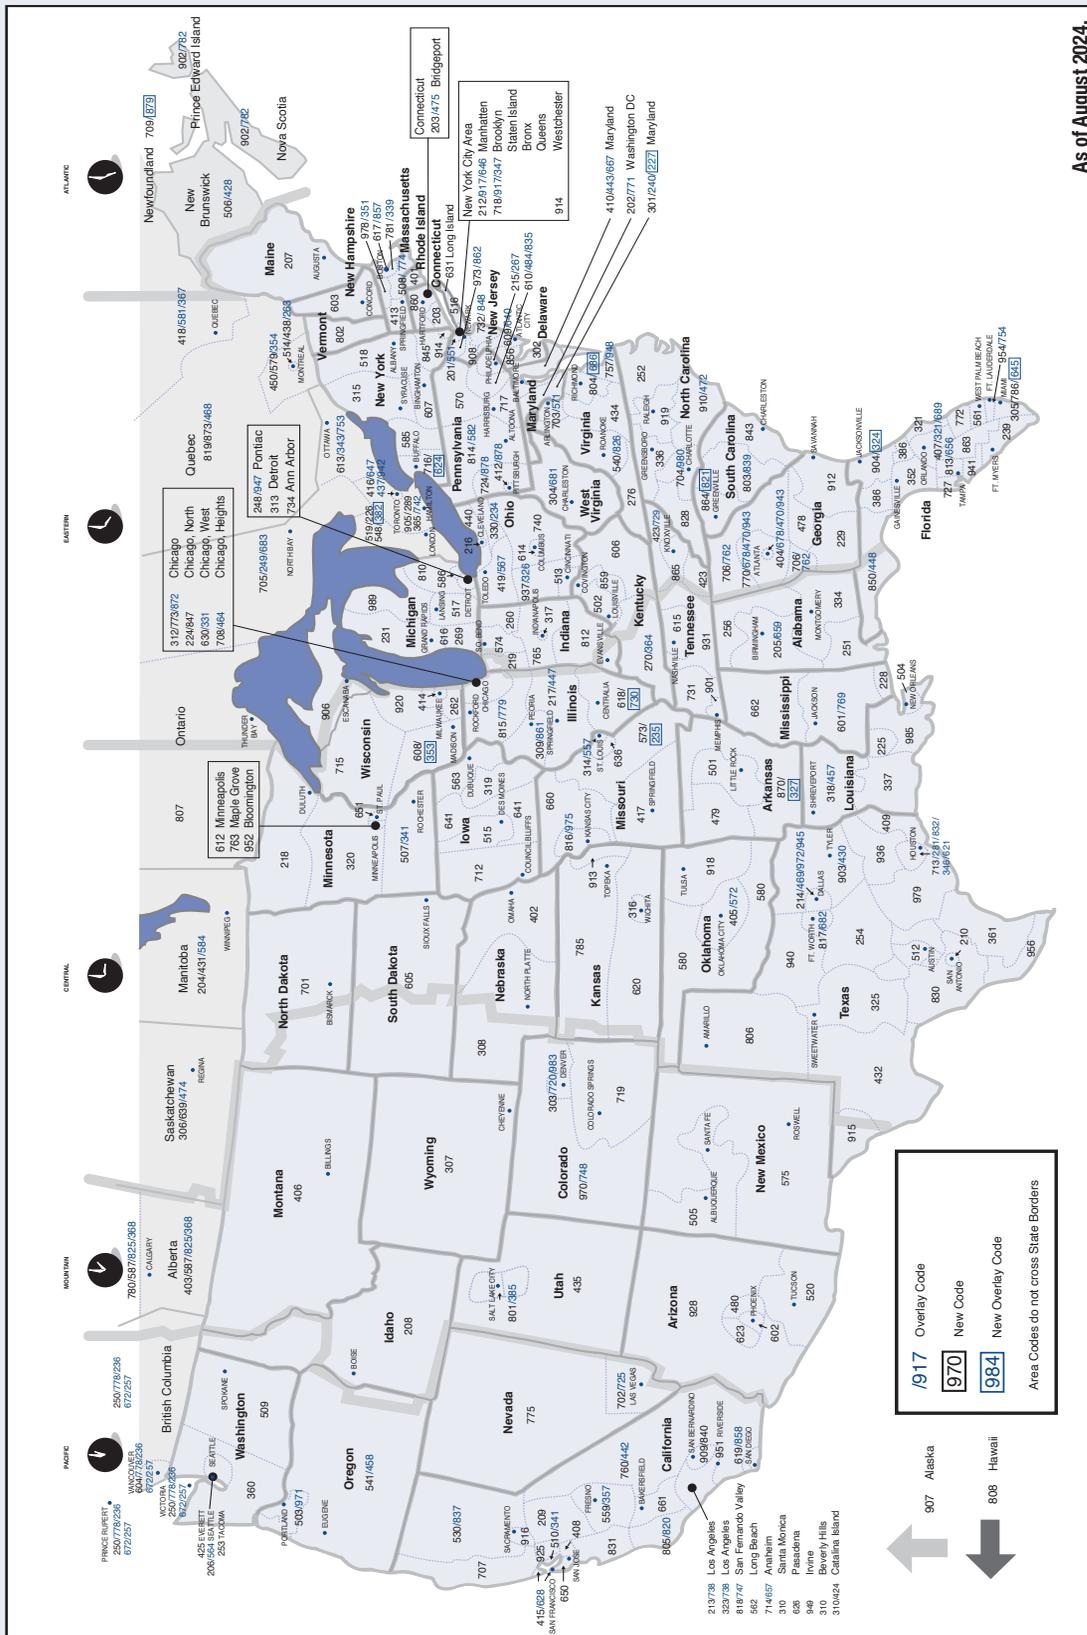

GEORGIA'S AREA CODES

The following map shows the area codes for the state of Georgia.* If you don't know the area code for the place you are calling, call directory assistance at 4-1-1 (charges may apply).

*As of 2024. Area codes subject to change.

AREA CODES SPEED YOUR LONG DISTANCE CALLS

For faster long distance calling, the United States and Canada have been divided into more than 120 telephone areas, each identified by a three-figure area code (NPA). Your area code is 912 (see map, pg. 8). Use of the area code will help you get your Long Distance call through faster.

Note: Time zone boundaries show approximate divisions only. When Daylight Savings Time applies, the time differences will change accordingly.

- Advanced Calling Services work only on calls made within the Advanced Calling service area. These services are not available in all areas.
- If you attempt to use one of your Advanced Calling Services with a number outside the area served by Advanced Calling, you will hear an announcement telling you that the service cannot be used with that particular number.
- Some of the Advanced Calling Services require you to press the * button. If you have a rotary dial phone set, dial 11 instead of the *. This only applies to the first * in the dialing sequence for a service.
- Some of the Advanced Calling Services require you to program lists of phone numbers. You must set up these lists prior to using the services. Please refer to the instructions to program the lists.
- For many of the Advanced Calling Services, voice instructions will guide you through the various procedures and simplify their operation.

■ DELUX CALLER ID, CALLER ID — NUMBER DELIVERY & CALLER ID — NAME AND NUMBER DELIVERY

Caller ID—Number Delivery and Caller ID—Name and Number Delivery let you see the calling party's number or name and number, depending on the option you choose, before you answer a call. Delux Caller ID will allow you to also see names and numbers of callers while you are on the phone. A special display device located on or next to your phone is required. Some Caller ID display devices can store the names and phone numbers of people who called, even while you are out. You can easily review your calls and return them if you wish. Ask your Service Representative for more information on display units.

TO USE:

1. Wait for the start of the second full ring of your telephone.
2. Read information from special display device.

NOTE: Delux Caller ID will also display the name and number of the calling party while you are on the telephone.

For more information, please refer to the instructions received with your Caller ID display device.

Important Notice Regarding Caller ID Services

Per Federal Communications Commission (FCC) order, long distance carriers must pass your telephone number (where capable) on long distance calls. Your number may be displayed to persons you call who subscribe to Caller ID services. If you DO NOT have permanent blocking on your line, you must dial *83 (1183 from rotary or pulse-dial phones) before each call to prevent your number from being sent.

If you HAVE per-line (permanent) blocking, dialing *82 (or 1182) will allow display of your number.

Dialing *83 will not block display of your number on calls to 800/900 numbers. However, the called party may not sell your number or use it in an unrelated business transaction without your consent.

You do not have to call the telephone company to activate this feature. It is activated in the network for all customers. There is not a charge for these features.

■ CALL RETURN

Call Return returns the call of the last party who called your number. It eliminates the aggravation of rushing to the phone when you're returning from errands or in the shower only to find that the person on the other end has hung up.

TO USE:

1. Press *69.
2. Listen for an announcement that will tell you the phone number of the party who LAST called you and the time of the call.
3. If you wish to return the call:
 - Press 1.
 - Listen for ringing.
 - Wait for answer.
4. If you do not wish to return the call, hang up.

5. If the line is busy:

- Listen for announcement telling you the number is busy.
- Hang up.
- You will hear a short-short-long ring when the line is free.
- Your call will automatically be made when you lift the handset.

TO CANCEL:

1. Press *89 and listen for tone or announcement.

NOTE:

- There is no time limit for returning a missed call. However, you will only be able to return the LAST INCOMING call you received.
- If the number you are trying to reach is outside the area served by Call Return, you will hear a recording advising you that the call cannot be made.
- After a call during which you heard a Call Waiting tone, you can use Call Return to return a call to the Call Waiting party.

■ VOICE MAIL

Voice Mail allows you to answer calls with a prerecorded message when you are unable to answer your telephone. It eliminates answering machine frustration, allows access to messages from any location and provides you with the number, date, and time of call receipt.

NOTE: Your Voice Mail will retain messages as soon as it is installed. If you hear **Broken Dial Tone**, you have a message.

TO ACTIVATE (With a message):

1. Dial your telephone number from your phone and interrupt the message ("The party you have called does not answer, please leave a message after the tone.") by pressing the * key.
2. Enter your Default Password 0000, followed by the # key.
3. Your messages will play; to replay your message press 1, to save your message press 2, to delete your message press 3, or to save this message as new press 4.
4. To return to the main menu press *.
5. Main Menu

When prompted to set-up your mailbox press the 9 key

Set-Up Menu

- a. Greeting options press 1

Greeting Menu

- b. Record a new greeting press 4, followed by the # key
- c. Listen to your greeting press 1
- d. Save your greeting press 2 or rerecord your greeting press 4, followed by the # key
- e. Return to the set-up menu press * key

6. Set-Up Menu

- a. Change password press 2
- b. Enter your new password (4–16 digit number) followed by the # key; then verify your new password by re-entering your new password, followed by the # key

TO ACTIVATE (With no message):

1. Dial your telephone number from your phone and interrupt the message ("The party you have called does not answer, please leave a message after the tone.") by pressing the * key.
2. Enter your Default Password 0000, followed by the # key.
3. Main Menu

When prompted to set-up your mailbox press the 9 key

Set-Up Menu

- a. Greeting options press 1

Greeting Menu

- b. Record a new greeting press 4, followed by the # key
- c. Listen to your greeting press 1
- d. Save your greeting press 2 or rerecord your greeting press 4, followed by the # key
- e. Return to the set-up menu press * key

4. Set-Up Menu
 - a. Change password press 2
 - b. Enter your new password (4–16 digit number) followed by the # key; then verify your new password by re-entering your new password, followed by the # key

RETRIEVING YOUR MESSAGES:

1. Dial your telephone number (either from that line or elsewhere) and interrupt your greeting by pressing the * key
2. Enter your password, followed by the # key
3. To listen to your message press 1
 - a. To listen to new messages press 1
 - b. To listen to saved messages press 2
4. Listen to message:
 - a. To play the message press 1
 - b. To save message and play the next press 2
 - c. To delete message and play the next press 3
 - d. To save message as new press 4
 - e. To skip back press 7
 - f. To pause or continue press 8
 - g. To skip forward press 9
 - h. To return to main menu press * key
 - i. To hear instructions again press 0

■ VOICE MAIL DELUXE

In addition to all the features of regular Voice Mail, Voice Mail Deluxe includes several convenient services in one feature: Voice Mail e-Forward, Voice Mail Multiple Greetings, Voice Mail Telephone and Cell Phone Notification and Voice Mail Out-Dial. See the following descriptions below of each service. These features can also be purchased a la carte.

TO ACTIVATE:

1. Contact a Darien Telephone Company Customer Service Representative by visiting or calling the business office at 437-4111. Ask to have this service activated.

TO USE:

1. Log onto your designated e-mail account.
2. If you have any new Voice Mails, you will see a new e-mail message from the service.
3. This e-mail will contain your Voice Mail in an audio version. Speakers are required for this feature.

■ VOICE MAIL e-FORWARD

The e-Forward service allows you to retrieve, sort, manage, and forward phone messages — all within your e-mail application.

TO ACTIVATE:

1. Contact a Darien Telephone Company customer service representative by visiting our office or by calling 437-4111 and ask to have this service activated.

TO USE:

1. Log onto your designated e-mail account.
2. If you have any new Voice Mails, you will see a new e-mail message from the service.
3. This e-mail will contain your Voice Mail in an audio version. Speakers are required for this feature.

■ VOICE MAIL MULTIPLE GREETINGS

Subscribers may record up to 10 greetings and select which greeting they want to have active.

■ VOICE MAIL TELEPHONE & CELL PHONE NOTIFICATION

Voice Mail Phone Notification alerts you by calling a pre-assigned telephone number to tell you when you have a Voice Mail message. It provides you with immediate message delivery. Allows you to access your messages during Notification calls.

NOTE: You may change the telephone number to be alerted and the Voice Mail Notification Call schedule.

■ VOICE MAIL OUT-DIAL

Allows a caller listening to a Voice Mail greeting to transfer to another pre-programmed number. Example: “Leave a message or press ‘0’ (zero) to be connected to my cell phone.”

■ VOICE MAIL PAGING

Voice Mail Paging alerts you through your pager when you have a Voice Mail message. It provides you with immediate message delivery.

NOTE: You may change the pager number and the paging schedule in the event there are multiple users.

■ TOLL RESTRICTION WITH PIN OVERRIDE

Toll Restriction with PIN Override blocks the ability to dial long distance calls except with the use of a personal identification number. This feature prevents unwanted telephone use.

TO ACTIVATE:

1. Lift the receiver and listen for dial tone.
2. Dial *12, (1112 on rotary dial phones), listen for three (3) beeps and a steady dial tone.
3. Dial your telephone number, listen for three (3) beeps and a steady dial tone.
4. Enter 1 to 7 digits for your personal identification number (PIN), wait for confirmation tone, three (3) beeps and a steady dial tone.
5. Hang up.

TO USE:

1. Lift the receiver and listen for dial tone.
2. Dial *13, (1113 on rotary dial phones), receive second dial tone.
3. Dial 1- to 7-digit PIN number, listen for three (3) beeps and a steady dial tone.
4. Dial desired long distance telephone number, including 1 or 0 and the area code.

TO MODIFY YOUR PIN NUMBER:

1. Lift the receiver and listen for dial tone.
2. Dial *12, (1112 on rotary dial phones), listen for three (3) beeps and a steady dial tone.
3. Dial your 1 to 7-digit PIN number, listen for three (3) beeps and a steady dial tone.
4. Enter a new 1 to 7-digit PIN number, wait for confirmation tone, three (3) beeps and a steady dial tone.

NOTE: You may change your PIN number as often as you wish.

■ CALL WAITING

Call Waiting alerts you with a beep during a telephone conversation that another call is waiting to be answered. It prevents missed calls and provides many of the advantages of an additional line, but at a fraction of the cost.

TO USE CALL WAITING:

To end an existing call and answer a waiting call:

1. Hang up, then allow telephone to ring and answer it.

To hold an existing call and answer a waiting call:

1. Depress switchhook.

To Alternate between calls:

1. Depress switchhook.

To disconnect calls:

1. Hang up.

TO CANCEL CALL WAITING BEFORE MAKING A CALL:

1. Press *70, then listen for three (3) beeps and a steady dial tone.
2. Dial desired telephone number.

TO CANCEL CALL WAITING DURING A CALL:

(Three-Way Calling Feature is required)

1. Depress switchhook, then listen for three (3) beeps and a steady dial tone.
2. Press *70, then listen for three beeps.
3. Wait for automatic reconnection to existing call.

NOTE: When Cancel Call Waiting is activated, callers will hear a busy signal.

TO RE-ACTIVATE CALL WAITING:

Cancel Call Waiting is only in effect for the duration of one phone call. Call Waiting is automatically re-activated as soon as you hang up. To make additional uninterrupted phone calls, you will have to cancel your Call Waiting feature before each phone call.

■ **PERSONAL RINGING**

Personal Ringing gives you up to 3 different telephone numbers on 1 line, each with its own distinctive ring for incoming calls and separate directory listing (if desired). It lets you know for whom the call is intended before answering and provides many of the advantages of additional lines at a fraction of the cost.

TO USE:

1. Just listen for the distinctive rings.

NOTE:

- There are unique Call Waiting tones for each line if you have Call Waiting.
- Each line may have its own Voice Mail Box.
- You may have any call forwarding service on the primary telephone number only or on the primary telephone number and all Personal Ringing numbers, whichever you wish.

■ **3-WAY CALLING**

3-Way Calling allows you to add a third party to an existing telephone conversation.

TO USE:

1. Depress switchhook, then listen for three (3) beeps and steady dial tone. (Present call is placed on hold.)
2. Dial third party's telephone number. If busy or no answer, depress switchhook to reconnect to first call. If third party answers, depress switchhook for a 3-Way Call.

NOTE:

- You may privately converse with the third party as long as you wish before using the switchhook to establish a 3-Way Call.
- After a 3-Way Call is established, you may depress the switchhook again to drop the third party at any time.

■ **CALL TRANSFER**

Call Transfer allows you to redirect a call to another phone number or add a third party to your existing conversation.

TO USE:

1. Depress switchhook, then listen for three (3) beeps and steady dial tone. (Present call is placed on hold.)
2. Dial third party's telephone number. If busy, depress switchhook two (2) times to reconnect to first call.
3. If the third party's telephone rings, hang up and the other parties will be connected or wait for the third party to answer, advise of transfer, then hang up.
4. If you would like to have a 3-Way Call, stay on the line until the third party answers then depress switchhook for a 3-Way Call.

NOTE:

- Once you transfer a call, your line is free to accept or place additional calls.
- You may transfer a call to any telephone including Cellular or Wireless, even to long distance numbers. (Toll charges will apply.)
- You may privately converse with the third party as long as you wish before using the switchhook to establish a 3-Way Call or hanging up for a Call Transfer.
- You may hang up at any time during a 3-Way Call and the other parties will still be connected.

■ **CALL FORWARDING — VARIABLE**

Call Forwarding—Variable allows you to redirect all calls to another telephone number. It eliminates waiting for important calls and enhances home security when you are away.

TO ACTIVATE:

1. Dial *72, then listen for three (3) beeps and a steady dial tone.
2. Dial telephone number to which calls will be forwarded and advise the party of Call Forwarding.
3. If party does not answer or if line is busy:
 - Repeat steps 1 and 2 immediately.
 - Listen for three (3) beeps and a steady dial tone.
4. Hang up.

TO CANCEL:

1. Dial *73, then listen for three (3) beeps and a steady dial tone.
2. Hang up.

NOTE:

- Calls forwarded to long distance telephone numbers will be charged to you.
- A short ring is provided as a reminder that Call Forwarding is activated; however, you cannot answer any calls at your location until you cancel Call Forwarding.
- To change the number to which your calls are forwarded, cancel Call Forwarding—Variable, then follow activating procedures.

■ **REMOTE ACTIVATION OF CALL FORWARDING**

Remote Activation of Call Forwarding allows you to redirect all calls to another telephone number from any location.

TO ACTIVATE:

1. Dial 437-8020. Enter your telephone number and four (4) digit PIN number.
2. Dial *72, then listen for three (3) beeps and a steady dial tone.
3. Dial telephone number to which calls will be forwarded and listen for three (3) beeps and a steady dial tone.
4. Hang up.

TO CANCEL:

1. Dial 437-8020. Enter your telephone number and four (4) digit PIN number.
2. Dial *73, then listen for three (3) beeps and a steady dial tone.
3. Hang up.

NOTE:

- Calls forwarded to long distance telephone numbers will be charged to you.
- A short ring is provided as a reminder that Call Forwarding is activated; however, you cannot answer any calls at your location until you cancel Call Forwarding.
- To change the number to which your calls are forwarded, cancel Remote Activation of Call Forwarding, then follow activating procedures.

■ **CALL FORWARDING — NO ANSWER**

Call Forwarding—No Answer allows you to forward all calls to another telephone when your line is not answered within a specified number of rings. It eliminates the frustration of missed calls when you are unable to answer your phone.

TO ACTIVATE:

1. Dial *92 and the telephone number to which calls will be forwarded. Advise the party of Call Forwarding.
2. If party does not answer or if line is busy:
 - Repeat steps 1 and 2 immediately.
 - Listen for three (3) beeps and a steady dial tone.
3. Hang up.

TO DEACTIVATE:

1. Dial *93, then listen for three (3) beeps, and a steady dial tone.
2. Hang up.

■ CALL FORWARDING — BUSY LINE

Call Forwarding — Busy Line allows you to forward all calls to another telephone when your line is busy. It reduces the possibility of missing calls and eliminates your callers' frustration of receiving a busy signal.

TO ACTIVATE:

1. Dial *90.
2. Dial telephone number to which calls will be forwarded and advise the party of Call Forwarding.
3. If party does not answer or if line is busy:
 - Repeat steps 1 and 2 immediately.
 - Listen for three (3) beeps and a steady dial tone.
4. Hang up.

TO DEACTIVATE:

1. Dial *91, then listen for three (3) beeps, and a steady dial tone.
2. Hang up.

■ CALL HOLD

Call Hold allows you to put a call on hold to retrieve another line, initiate a second call or consult privately with another person.

TO ACTIVATE:

1. While one call is in progress, depress switchhook and listen for recall dial tone.
2. Press *76 and the second telephone number.

TO ALTERNATE BETWEEN LINES:

1. Depress switchhook and press *76 each time to place the other party on hold.

TO DISCONNECT CALLS:

1. Hang up.

■ REPEAT DIALING

Repeat Dialing redials a busy number you tried to call and alerts you when the line is free. You can also use Repeat Dialing to redial the last number that you called. It saves time and effort. Repeat Dialing will keep dialing the number for you — automatically — until your call gets through.

TO USE:

1. After hearing busy tone, hang up, then lift the receiver and listen for dial tone.
2. Dial *66.
3. If the line is still busy:
 - Listen for three (3) beeps or an announcement telling you the number is busy.
 - Hang up and wait to hear a **short-short-long** ring when the line is free.
 - Your call will automatically be made when you lift the handset.
4. If the line is not busy:
 - Listen for ringing and wait for answer.

TO CANCEL:

1. Press *86 and listen for tone or announcement.

NOTE:

- While Repeat Dialing is activated, you may still make and receive other calls.
- Repeat Dialing will continuously attempt to call back a busy number for 30 minutes. After 30 minutes, your request will be canceled.
- You can use Repeat Dialing for more than one busy number at a time. You will hear a special ring when one of these numbers becomes idle; however, you will not be able to tell which number is now free.
- If the number you are trying to reach is outside the area served by Repeat Dialing, you will hear a recording advising you that the call cannot be made.

■ PRIORITY RINGING

Priority Ringing enables you to create a list of important phone numbers that will ring with a distinct pattern when calling your line (and a unique alert tone if you also have Call Waiting). This list may have up to twelve phone numbers. All other calls will ring normally.

TO USE:

1. Press *61.
2. Listen to the voice instructions to turn Priority Ringing on or off or make changes to your Priority Ringing list.

Press: If you want to:

- 0** Repeat the instructions.
- 1** Review the numbers on your Priority Ringing list.
- 3** Turn Priority Ringing on/off.
- #** Add a number to your Priority Ringing list.
- *** Delete a number from your Priority Ringing list.
- 08** Delete all numbers from your Priority Ringing list.
- 09** Delete all "private" numbers from the list.

WHEN PRIORITY RINGING IS TURNED ON:

- Hear a short-long-short ringing pattern or tone when called by any number on your list.
- Hear Normal ringing or Call Waiting tones when called by others.

■ CALL REJECTION

Call Rejection allows customers with Caller ID to block any incoming call which does not come through with identifiable display. It helps put an end to harassing and offensive calls.

TO ACTIVATE:

1. Press *67, then listen for the activation status announcement.

TO DEACTIVATE:

1. Press *87.

■ SPEED CALL 8 & 30

Speed Call allows you to call selected telephone numbers quickly by dialing an assigned code.

TO SET UP NUMBERS:

1. Dial *74 if you subscribe to 8-code Speed Call or *75 if you subscribe to 30-code Speed Call.
2. Enter Speed Call code:
 - Use digits 2-9 to create an 8-code list.
 - Use digits 20-49 to create a 30-code list.
3. Dial desired telephone number, press #, then listen for three (3) beeps.
4. Hang up.

TO USE:

1. Dial desired Speed Call code (2-9 or 20-49), then depress #.

TO CHANGE:

1. Repeat first four steps of set up instructions.

■ CALL SCREENING

Call Screening allows you to create a list of phone numbers from which you do not wish to receive calls. Calls from phone numbers on your list are sent to an announcement that informs the caller that you are not receiving calls at that time. The list may have up to twelve (12) phone numbers.

TO USE:

1. Press *60.
2. Listen to the voice instructions to turn Call Screening on or off or make changes to your Call Screening list.

Press:	If you want to:
0	Repeat the instructions.
1	Review the numbers on your Call Screening list.
3	Turn Call Screening on/off.
#	Add a number to your Call Screening list.
*	Delete a number from your Call Screening list.
08	Delete all numbers from your Call Screening list.
09	Delete all "private" numbers from the list.

3. After receiving an annoying call, you may wish to prevent that person from calling you in the future. Call Screening's voice instructions will explain how to add the number of the last caller to your list (even if you do not know the party's number):
- Hang up, then lift the receiver and listen for dial tone.
 - Press *60 and listen for instructions.
 - Press #01#.

NOTE: If a number that is on your Call Screening list is also put on any of your other lists (for example, Priority Ringing), Call Screening will override the other services for that phone number.

■ DO NOT DISTURB

Do Not Disturb allows you to prevent incoming calls from ringing at your station.

TO ACTIVATE:

1. Press *54, then listen for three (3) beeps.
2. Hang up.

TO DEACTIVATE:

1. Press *55.
2. Hang up.

NOTE: When Do Not Disturb is activated, callers will receive an announcement stating that the called party does not wish to be disturbed at this time.

■ DO NOT DISTURB TELEMARKETER

Callers will receive an announcement stating, "You have called a number that does not accept calls from Telemarketers. All other callers may press '1' if you wish to complete the call."

TO ACTIVATE:

1. Press *54, then listen for three (3) beeps.
2. Hang up.

TO DEACTIVATE:

1. Press *55.
2. Hang up.

■ SPECIAL CALL ACCEPTANCE

Special Call Acceptance allows you to screen incoming calls by creating a list of phone numbers from which you are willing to accept calls. Calls from phone numbers not contained on your list are sent to an announcement that informs the caller that you are not receiving calls at this time. This list may have up to twelve (12) phone numbers. Special Call Acceptance prevents unwanted interruptions, particularly solicitation calls.

TO USE:

1. Press *61.
2. Listen to the voice instructions to turn Special Call Acceptance on or off or make changes to your list.

Press:	If you want to:
0	Repeat the instructions.
1	Review the numbers on your Special Call Acceptance list.
3	Turn Special Call Acceptance on/off.
#	Add a number to your list.
*	Delete a number from your list.
08	Delete all numbers from your list.
09	Delete all "private" numbers from the list.

■ PREFERRED CALL FORWARDING

Preferred Call Forwarding allows you to create a list of phone numbers that are to be forwarded when they call you. When you activate this service, and a call arrives from a phone number that is on your list, the call is forwarded. All other calls will ring your phone in the normal fashion. This list may have up to twelve (12) phone numbers. With Preferred Call Forwarding, you can leave your home or office and still receive urgent calls.

TO USE:

1. Press *63.
2. Listen to the voice instructions to turn Preferred Call Forwarding on or off or make changes to your Preferred Call Forwarding list.

Press:	If you want to:
--------	-----------------

0	Repeat the instructions.
1	Review the numbers on your Preferred Call Forwarding list.
3	Turn Preferred Call Forwarding on/off.
#	Add a number to your list.
*	Delete a number from your list.
08	Delete all numbers from your list.
09	Delete all "private" numbers from the list.

3. Voice instructions will also guide you through the steps of entering, confirming or changing the number to which your calls will be forwarded.

Press:	If you want to:
--------	-----------------

1	Confirm the "forward-to" number.
0	Change the "forward-to" number.

■ WARM LINE

Warm Line rings a preassigned telephone number by automatically dialing that number 5 seconds after you lift the receiver. It provides a great sense of security for those who may not easily recall emergency telephone numbers.

TO USE:

1. Pick up the receiver and wait.
2. Your call is automatically placed.

NOTE:

- Warm Line allows normal use of your telephone and other calling features.
- The pre-programmed number may only be changed by the Telephone Company.

TELEPHONE

BUSINESS SYSTEMS

When it comes to telephone systems and equipment, Darien Telephone Company offers more than you might expect. We lease, sell, install and maintain state-of-the-art telephone systems that can be customized to fit the evolving needs of any type or size of business. In both McIntosh and Glynn counties, we offer “on-premise” equipment that may be either purchased or leased, and we can install it at your location! This is ideal for those who want total control of their phone system and need enhanced features. From small offices to large call centers, you can depend on Darien for a customized solution to your business system needs.

LOCAL SERVICE

Since 1911, local residents and businesses have enjoyed prompt, dependable, neighborly service from their Georgia coastal connection—Darien Telephone Company. Our customers appreciate the elevated level of service that only comes from people you know and trust. We provide local telephone access throughout McIntosh County for both residential and business customers. A business rate will apply to any telephone located on a premises primarily used for business purposes, as well as to any telephone located in a domestic establishment when the service is used substantially for, or advertised for, business purposes.

LONG DISTANCE

Local, dependable service, plus low rates on nationwide calling—that’s what customers like most about Darien Long Distance. In addition, we also offer features such as business or personal toll-free numbers and a variety of calling plans to meet your individual needs. Ask about getting a “PIC Freeze” for your long-distance account to prevent unauthorized switching by other carriers.

DARIEN TELEPHONE COMPANY LIFELINE OFFERING

As part of its service offerings, Darien Telephone Company offers a Lifeline program to assist qualifying low-income households with the charges for the telephone or broadband services. The program is part of the Federal Universal Service Fund program instituted by the Federal Communications Commission and overseen by the Universal Service Administrative Company.

Lifeline service offers qualifying households a monthly discount on the costs of telephone service for either one home phone, or one wireless phone, or broadband service. You may qualify for Lifeline if you, your dependent, or your household participates in at least one of the following federal assistance programs:

- Supplemental Nutrition Assistance Program (SNAP)
- Medicaid
- Supplemental Security Income (SSI)
- Federal Public Housing Assistance (Section 8)
- Veteran’s Pension and Survivors Benefit Program
- Other Programs for Tribal Lands

OR

You may also qualify if your household income is at or below 135% of the federal poverty guidelines.

Other terms and conditions apply. For example, customers must enroll in Lifeline service and must provide proof of eligibility before receiving support. Customers may not transfer their Lifeline benefits to another person, even if the other person is eligible. Customers who willfully make false statements in order to obtain the benefit are subject to fine or imprisonment or may be barred from the program. Similarly, as long as a qualified individual agrees to toll blocking, that individual is not required to pay a deposit prior to our service being offered. A complete set of terms for this program is available at the Darien Telephone Company’s Business Office.

If you believe you may qualify for these programs, we encourage you to visit lifelinesupport.org. You can also visit www.darientel.net and click LIFELINE. Our customer service representatives can work with you to answer any questions you may have.

Unresolved complaints concerning Lifeline service can be directed to the **Georgia Public Service Commission’s Consumer Affairs Unit** at **404-656-4501** or **800-282-5813**.

AUTOMATIC DRAFTS

Now you can have your phone, Internet and/or cable payment made automatically. These days, it seems we all have busy schedules and less free time to do the things that we enjoy. So why write out checks and mail them when you don't have to? With Darien Telephone Company's Automatic Draft, writing a check for your phone, Internet or cable bill is one thing you can cross off of your "To Do List" forever! You'll have more free time to do the things you enjoy and peace of mind knowing your bill is paid.

■ How will it work?

Your bill will be mailed to you or posted on Smart Hub on the 1st of each month to review. On the 10th of the month, a notice will be sent to your bank, and the amount due will be deducted from your account and applied to the bill.

■ What if there are charges on my bill I didn't make?

Call us as soon as possible and we will investigate the charges for you. If there is an error, we can hold or adjust the Automatic Draft for this period, or we can give you credit on your bill the following month.

■ I don't bank locally. Can I still use Automatic Drafts?

Yes, we can draft from ANY bank in the United States.

■ Can I use my credit card for Automatic Drafts?

Yes, Darien Telephone Company does accept credit cards to use as automatic drafts.

■ How do I begin Automatic Drafts?

Simply contact Darien Telephone Company's customer service office at 912-437-4111 and ask for information on how you can begin Automatic Drafts.

CABLE TV

Darien Cable TV service brings you the best of both worlds—today's popular programming and movie channels with good, old-fashioned, hometown service. No more having to go to some distant big city or wandering through a maze of recorded messages just to talk to someone because the main office is right here at home! Enjoy the latest in Cable TV technology, including HDTV (High Definition Television) and DVR (Digital Video Recording). We offer a variety of packages to fit every budget and all viewing preferences, including Basic, Expanded Basic, Digital and Movie Paks. Be sure to ask about our Bundles of Cable TV and other services.

CABLE TV TROUBLESHOOTING

- Make sure power is turned on to TV and set top box if you have one.
- TV on wrong input: If you have no picture, Blue Screen, or TV says "No signal." Using the TV remote, not the set top remote, find the input button, sometimes called the source button. Pressing that button will bring up a list of input options like TV, Cable, Component 1, Component 2, HDMI 1m HDMI 2, HDMI 3. If you know which input is correct, select that one. If you do not know the correct input, then try each one until the picture returns.
- TV with a set top box not on channel 3: If you have no picture, Blue Screen, or TV says "No signal." Using the TV remote, not the set top remote, change the TV to channel 3.
- Loose connection: If the picture on your TV is fuzzy or grainy. Make sure all the cable connections to your TV are tight or in securely.
- Sometimes set top boxes will reboot or download new data. This is supposed to only happen after midnight, but sometimes happens during the day. If your TV goes out during the day and the set top box display flashes up (boot, dwdl, runs through a sequence of numbers, or has a small light going around on display screen), do not do anything to it. Just let it run until a clock shows on the set top display. Turning off the box or pressing other buttons will interrupt the reboot process and the box may not come back on. This process could take 5 to 10 minutes.

Our service repair team is dedicated to ensuring customers receive quality service 24/7. Just call 912-437-6610 for help with your service troubles.

NOTICE

§ If this symbol appears by a company's name in its White Pages listing, the company has been licensed by the Georgia Public Service Commission to use service-observing equipment pursuant to Georgia Code Section 16-11-65. A complete list of licensed companies within the area who have Darien Telephone Company as their local service provider, and are served by this directory, may be obtained by request from our business office without cost.

§§ This symbol identifies telephone numbers where certain federal agencies use service-observing equipment. As agencies of the United States Government, they are not required to obtain a license for such use from the Georgia Public Service Commission. The Commission requires that this notice be placed in the directory as information to the public.

AFFORDABLE CONNECTIVITY PROGRAM (ACP)

The Affordable Connectivity Program (ACP) is an FCC benefit program that helps ensure that households can afford the broadband they need for work, school, healthcare and more.

Go to fcc.gov/acp or getinternet.gov to apply.

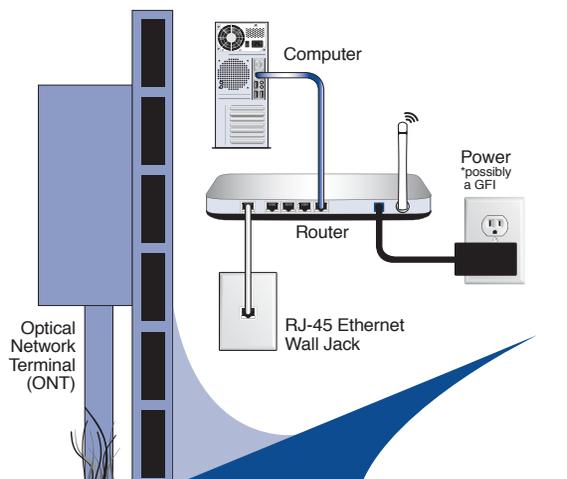

INTERNET SPEED TEST

Speed tests measure your current internet connection's maximum speed, which is how fast your device can upload and download information: speedtest.darientel.net

Photo credit: Langley's Lens

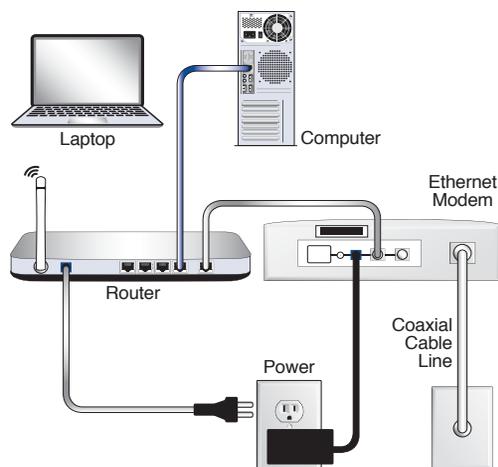

FTTH Setup

FTTX

- Verify your CyberPower backup is plugged in. If not, you will only have phone service, not Internet and Cable TV.
- If it is plugged into GFI* (Ground Fault Interrupter) receptacles, make sure the GFI is not tripped.
- Verify that the Ethernet cable is securely connected to the wall jack on one end and the computer's Ethernet port on the other.
- If using a router, verify the Ethernet cable's connection to the router's Internet, WAN or modem port.
- If connecting via wireless, make sure you're in range of your wireless router and that the wireless connection on your computer is turned ON.

Cable Modem Setup

CABLE MODEM

- Verify one end of the coaxial cable is securely connected to the wall jack on one end and the modem on the other.
- Verify that the power cord is securely connected.
- Verify that the Ethernet cable is securely connected to the modem's Ethernet port on one end and the computer's Ethernet port on the other.
- If using a router, verify the Ethernet cable's connection to the router's Internet, WAN or modem port.
- If you have unplugged the power cable from the modem or router, plug in your modem first, wait until online light comes on, then power on your router. Allow about two minutes for the router to "sync" (i.e., reconnect) with the modem. If you have moved your modem, try to return it to its original location in your house.
- If you are connecting via wireless, make sure you're within range of your wireless router and that the wireless connection on your computer is turned ON.

Start connecting today with Georgia Relay

Georgia Relay is a FREE public service administered by the Georgia Public Service Commission that makes it possible for people who are deaf, hard of hearing, deaf-blind or have difficulty speaking to communicate over the telephone. A specially-trained Communication Assistant (CA) facilitates the call. All relay calls are confidential and there are no records kept of Relay conversations. Relay services are available 24 hours a day, seven days a week, 365 days a year. There's no limit on the length or number of calls you may place or receive.

Anyone may initiate a Georgia Relay call simply by dialing 7-1-1.

www.GeorgiaRelay.org | 1-866-694-5824 (Voice/TTY) | In an emergency, dial 9-1-1!

Grow your business with Georgia Relay Partner. Join our FREE program for businesses today! Call or visit us online to learn more.

Welcome to Darien and We Hope You Will Make Memories in McIntosh!

McIntosh County, located on the Georgia Coast, is an enchanting place we proudly call home. It's where heritage is not forgotten but cherished, and good neighbors are not hard to find. Our coastal location provides an abundance of natural beauty and outdoor activities alike. McIntosh County is surrounded by a vibrant heritage and exquisite nature, from the historic Darien waterfront to the Sapelo Island Lighthouse, to the mighty Altamaha River.

Learn more about our heritage with a self-guided tour of historic downtown Darien, the second-oldest planned city in Georgia, and visit our many local shops and restaurants. Continue your adventure by stopping at the Darien-McIntosh Visitor center, located off Interstate 95 to enjoy a coffee from the coffee shop, pick up maps and brochures, and learn about the many treasures we have to offer. You can also take a selfie with our community celebrity, the Altamaha-ha (aka Altie), a mysterious creature that has lived along the Altamaha River for hundreds of years.

While in Darien, stop at the Old Jail Art Center and Museum and see the Kit Jones. Be sure to step back in time with a visit to Fort King George Historic Site. At the fort, visitors can see live history demonstrations and understand what life was like for early settlers during the pre-Revolutionary war era. A short ferry ride to Sapelo Island will allow visitors to experience Hog Hammock, one of the last places where the Gullah culture is still lovingly maintained, enjoy its pristine beach, tour the R.J. Reynolds Mansion, or climb the restored lighthouse. For the adventuresome, rent a kayak or canoe to explore the Altamaha River, which offers refuge to abundant wildlife, or charter an eco-tour or fishing excursion.

As one can imagine, our coastal location provides us with the freshest seafood; you can order lunch or dinner in a quaint shrimping community or catch your supper on a deepsea fishing excursion. In addition, the north end of our community offers many recreational activities for all ages. Catch a rare view of the Painted Bunting or alligator at Harris Neck Wildlife Refuge.

We welcome you to discover Darien and to explore the beauty of McIntosh County.

SUPPORT YOUR LOCAL SHRIMPERS

Darien...

Darien, the second-oldest planned city in the state of Georgia, was established in 1736 as a military outpost by Scottish Highlanders under the command of General James Oglethorpe. The town is located on a high bluff overlooking the Darien River. Oak trees drape across a pedestrian/bike path that connects the downtown Waterfront Park to Fort King George, passing both Vernon and Columbus squares. In the 1800's, cypress, pine and hardwood trees cut from Central Georgia were floated down the Altamaha River to Darien sawmills and loaded on ships for export. Remnants from these saw mills can be found in various places throughout town.

■ DARIEN WATERFRONT PARK

Darien Waterfront Park, with its public boardwalk and docks for fishing and boating, is a perfect spot to experience the beauty of the coastal area. The park is adjacent to picturesque commercial shrimp boat docks. Shrimping has been a staple of the local community since the 1920's and is celebrated here through annual festivals and informal gatherings.

• TABBY RUINS

Originally built c. 1815–1830, the ruins of cotton exchanges, warehouses, and naval stores are reminders of the times when Darien was one of the leading commercial ports for the export of cotton, rice and lumber.

Tabby Ruins

• TABBY OAK

A testimony to the survival skills of Live Oak trees and to the strength of tabby, this Live Oak (*Quercus virginiana*) growing in and on the ruins of the tabby walls in the Waterfront Park has found a unique place in which to thrive.

• UPPER BLUFF

Site of Fort Darien, 1736. Three historical markers here tell of Fort Darien, Fort King George and the City of Darien. The view to the

south is the Altamaha River delta where rice was once extensively cultivated. The Altamaha River system is designated as one of the "Last Great Places in the World."

■ BUTLER ISLAND RICE PLANTATION

Butler Island Rice Plantation is found on Butler Island across the Darien River, via US Highway 17, just south of Darien. Known as a refuge for alligators, deer, woodstorks, herons, egrets, ducks, and other wading birds, the island provides fishermen, hunters, and naturalists many locations to experience the coastal Georgia environment. Prime season for bird watching is mid-October through mid-April. Visitors can explore a system of ditches, drains, levees, dikes, and canals designed by engineers from Holland for irrigation control. While the original two-story plantation home tragically burned down in 2024, visitors can still see the towering brick chimney, a remnant of when Butler Island was the largest rice plantation in the Altamaha Delta. The site remains open daily for self-guided tours, picnicking, fishing, and birding. More information can be found at www.exploregeorgia.org.

■ ALTAMAHA WILDLIFE MANAGEMENT AREA

A popular site for hunting, the Altamaha Wildlife Management Area provides visitors and locals alike with year-round opportunities to fish, hunt, boat, camp, hike, and picnic. The Altamaha WMA includes over 3,000 acres of managed waterfowl impoundments in three units providing a different hunting opportunity. For more information on hunting and other recreational activities (including seasons and activity regulations), visit www.georgiawildlife.com.

■ VERNON SQUARE

Vernon Square, on Franklin Street, off GA-99, follows the concept of early town planning utilized by James Oglethorpe in Savannah in 1733. Throughout the 19th Century, this square was the business, cultural, social and religious center of Darien. Several of the surviving historical homes were once residences of lumber barons and merchants during the timber boom. The Sago Palms (*Cycas revoluta*)

24 POINTS OF INTEREST

that are seen in the square are native to the Far East and one of the most primitive living plants.

■ ASHANTILLY

Ashantilly was built in about 1820 by coastal planter Thomas Spalding, who operated the South's largest cotton plantation on nearby Sapelo Island and revived traditional tabby construction on the Georgia coast. Spalding developed his own recipe for tabby that included sand, water, lime and oyster shell in equal measure and not weight. Ashantilly, named for Spalding's ancestral landholdings in Scotland, was Spalding's mainland home. His island home on Sapelo Island was called the South End House because it is located on the south end of the island; however, today it is known as the Reynolds' Mansion. For more information about events or to schedule a tour, visit www.ashantilly.org or call **912-437-4473**.

■ SMALLEST CHURCH

Smallest Church in America is located approximately 20 mi. north of Darien on Highway 17. Agnes Harper, a rural grocer, built the church in 1949 as a spot of worship for travelers passing through the area. Though it was largely destroyed in a fire in 2015, the church has been restored and remains a memorable structure exciting to visit. Measuring 10'x15', this church seats 12 individuals and is open to visitors year-round.

■ UNITED METHODIST CHURCH

United Methodist Church is also located on Vernon Square. The original church, which was completed in 1843, withstood the burning of Darien by the Union troops but was destroyed in the hurricane of 1881. The current sanctuary was built post-hurricane, using materials taken from the original structure, and is still in use. Weekly Sunday services are held at 11 a.m. in the main sanctuary.

United Methodist Church

■ ST. CYPRIAN'S EPISCOPAL CHURCH

St. Cyprian's Episcopal Church, on Fort King George Drive, was constructed in 1876 by former slaves. This church is another tabby structure dating back to the 1800's. The church was restored after being severely damaged in the hurricane of 1898. Still in use, St. Cyprian's features stained glass windows and buttresses, an example of the influence of Gothic architecture on early settlers. Sunday services held at 9 a.m. For more information, email standrew@darientel.net.

■ ST. ANDREWS EPISCOPAL CHURCH

St. Andrews Episcopal Church is another one of the original structures located on Vernon Square. This church was burned in 1863 by Union troops during the Civil War. The present standing structure is modeled after a church in England and was completed in 1878. Sunday services held at 11:15 a.m. For more information, email standrew@darientel.net.

■ FORT KING GEORGE

Fort King George, built in 1721, was the first of several English forts built to counteract French and Spanish invasion in America. Constructed twelve years before General James Oglethorpe founded Savannah, the fort is the first English establishment in the state of Georgia. Visitors may tour the Fort's museum, earthen works and a three-story blockhouse with spectacular views of the marshes and rivers. Living history demonstrations, battle re-enactments and canoe excursions provide tourists and locals alike a chance to actually experience the Fort's history. The Fort is open year round 9:00 a.m.–5:00 p.m., Tuesdays through Sundays (closed on

Mondays). Reservations are required for tours. For tour details, fun events, and other information regarding Fort King George, please call **912-437-4770** or visit www.gastateparks.org/FortKingGeorge.

Fort King George, the first English establishment in Georgia

■ MCINTOSH COUNTY COURTHOUSE — 1935

McIntosh County was carved out of the southern portion of Liberty County in 1793. The county seat was moved from Eulonia to Darien in 1818. The present courthouse is built on the site of the previous courthouses that were destroyed by fires in 1861, 1872 and 1931.

• OGLETHORPE OAK

Legend is that this magnificent Live Oak tree, located on Adams St., was so large that it once sheltered soldiers under Oglethorpe's command. Decades of decay and lightning strikes toppled the tree in 1969 and only the stump of the tree remains.

• HIGHLANDER MONUMENT — 1936

Also on Adams St., this monument is dedicated to the Scottish Highlanders who founded the city of Darien. McIntosh County is named in honor of the Scots who contributed bravely to the establishment of this area.

■ COLUMBUS SQUARE

In 1895, Columbus Square became the site of the depot and terminus for the Darien and Western Railroad, which became the Georgia Coast & Piedmont Railroad. It is located on Washington St. and is open to the public for picnicking and self-guided touring. More information found on www.exploregeorgia.org.

■ FIRST PRESBYTERIAN CHURCH

First Presbyterian Church was established by the Scottish Highlanders when they landed at Darien in January 1736. The church served the first Presbyterian congregation in Georgia. Since its inception, the congregation has been housed in several different structures throughout Darien. The first structure on the current site, known as Bayard Square, was built in 1876 but was destroyed by accidental fire in 1899. The present Gothic-Victorian structure was completed in 1900. Sunday school weekly at 9:30 a.m. with Sunday service at 11 a.m. More information at www.fpcfodarien.com.

■ LARGEST TREE

Located in the median area of Fort King George Drive, this Live Oak (85" in diameter) is one of many large oaks in this area estimated to be several hundred years old. Darien's trees are draped with Spanish moss (*Tillandsia usneoides*). A rootless epiphyte, the moss causes no harm to the tree.

■ ADAM STRAIN BUILDING

The Adam Strain Building, located in Darien, GA, is a historic structure that dates back to the early 1900s and showcases classic architecture. Once serving as a commercial hub, it now stands as a testament to the town's rich history and revitalization efforts soon to open, the Tabby House Brewing Company, opening 2024.

■ OLD JAIL ART CENTER & MUSEUM

The Old Jail Art Center building was constructed in 1888 by the McDonald Brothers Jail Building Company of Louisville, Kentucky as the McIntosh County Jail. Today, the Old Jail remains one of the three oldest public buildings in Darien, along with the courthouse and the old firehouse. The building was utilized as the county jail until 2002 when it was relocated to a new facility.

Just a few years after the Old Jail was vacated, The McIntosh Art Association partnered with the City and County in 2006 to completely renovate the building with donations, grant funds, and more than 2600 hours of volunteer labor. The Art Association had its grand opening at the Old Jail in 2007 and is a cultural center for the community. At the Old Jail Art Center and Museum, visitors and members are offered a chance to exhibit and view local art, take art classes, explore the local history museum located in the old jail cells, and attend a variety of events.

The Old Jail, located at 404 North Way in Darien, is free to visit and open 6 days per week, Monday–Saturday from 11 a.m.–3 p.m.

Further information is available by calling **912-437-7711** or at www.mcintoshartassociation.com.

Old Jail Art Center & Museum and Kit Jones boat

■ SAPELO ISLAND

Sapelo Island is known as one of the most pristine and reclusive places on the Georgia Coast. Sapelo Island is only accessible by a ferry that leaves several times daily. The ferry leaves the dock located in the community of Meridian, 8 miles north of Darien on Highway 99. Along with being surrounded by an abundance of wildlife indigenous to the area, visitors to Sapelo can explore a recently restored lighthouse, pristine beaches and the community of Hog Hammock. Most residents of Hog Hammock maintain their Saltwater Geechee (sometimes referred to as Gullah or Gullah-Geechee) heritage, as descendants of West African slaves brought to the island in the eighteenth and nineteenth centuries.

*Sapelo Island Lighthouse.
Photo by Ronnie Butler.*

Sapelo Island has had many owners through its years. Thomas Spalding, the cotton magnate, built a palatial home there that has withstood both hurricanes and the test of time. Motor executive Howard Coffin later owned the home. The Island's last private owner was tobacco heir R.J. Reynolds. The island is now largely owned by the GA Department of Natural Resources and is maintained as Wildlife Management Area and National Estuarine Research Reserve.

Reservations on a guided tour or as a guest at private lodging, the R.J. Reynolds Mansion, or Cabretta Campground are required to visit the island. State-offered guided bus tours are given on Wednesdays and Saturdays year-round and Fridays, June through Labor Day. Extended tours are offered on the last Tuesday of each month (March through October). Group tours are also offered. For more information regarding Sapelo Island and reservations, please call **912-437-3224**.

SAPELO ISLAND FERRY SCHEDULE*

Reservations required: 912-437-3224

DEPART SAPELO	DEPART MERIDIAN
MONDAY / WEDNESDAY / FRIDAY:	
7:00 a.m.	8:30 a.m.
12:00 p.m.	3:30 p.m.
4:30 p.m.	5:30 p.m.
TUESDAY / THURSDAY:	
7:00 a.m.	8:30 a.m.

4:00 p.m.	4:30 p.m.

*The ferry does not run on major holidays. Please call ahead for exact schedule.

The State of Georgia's DNR Sapelo Island ferry, named for Katie Underwood, the last midwife on the island.

26 McINTOSH COUNTY MAP

HOTSPOTS IN McINTOSH COUNTY

Whether an avid birder or someone who enjoys seeing birds in their natural habitats, McIntosh has numerous spots to witness native birds in action. McIntosh is the home of numerous wildlife refuges, listed below.

- **Altamaha Wildlife Management Area**
- **Sapelo Island (Visitor's Center / Nannygoat Beach*)**
- **Hofwyl-Broadfield State Historical Area**
- **Harris Neck National Wildlife Refuge**
- **Fort King George State Historic Site**
- **Tolomato Causeway Pond**
- **Blackbeard Island National Wildlife Refuge***

Please note that areas marked with an asterisk (*) are not publicly accessible by traditional means. For more information on birding at these sites, visit www.georgiawildlife.com.

PUBLIC ACCESS DOCKS FOR FISHING & KAYAKING

- **White Chimney Creek Boat Ramp / Dock**
Shellman Bluff Rd. Saltwater access
- **Barrington Park Boat Ramp**
Barrington Rd. Freshwater access (Altamaha River)
- **Champney Boat Ramp / Dock**
Off US Hwy 17. Brackish water access (Altamaha River)
- **Darien City Docks / Boat Ramp**
next to Skipper's Restaurant. Brackish water access (Darien River)
- **Blue-N-Hall Boat Ramp / Dock**
Off GA-Hwy 99. Saltwater access
- **South Newport Dock / Boat Ramp**
US Hwy 17. Brackish / Freshwater access (South Newport River) with Assisted Kayak Launch
- **Altamaha Wildlife Management Area**
US Hwy 17. Brackish / Freshwater access (Altamaha River)

Before embarking on any sort of fishing or boating venture, be sure you know and are compliant with all boating safety regulations and laws as set by the United States Coast Guard (www.uscgboating.org). Note that all children under 10 years old in an open vessel must wear life jackets. Please be aware of fishing regulations as set by the Georgia Department of Natural Resources. For more information regarding licenses, fish size requirements, daily quotas, etc., visit www.gadnr.org.

The American Canoe Association (www.americancanoe.org) has numerous safety tips and information for new and experienced boaters (canoe or kayak). Numerous kayak trails, guided tour information, and more can be found on the Georgia River Network's website at www.garivers.org. For example, the Southeast Coast Saltwater Paddling Trail (SECSPT) follows the east coast of Georgia, passing right through McIntosh's waters, and the Altamaha River Canoe Trail (ARCT) begins right here in McIntosh County.

POINTS OF INTEREST THROUGHOUT McINTOSH

- 1 **Fort King George Historic Site**
- 2 **Ashantilly Plantation / St. Andrews Cemetery**
- 3 **Sapelo Island** (Ferry access via Landing Rd., Meridian)
- 4 **Smallest Church in America** (Christ Chapel)
- 5 **Harris Neck Wildlife Refuge**
- 6 **Upper Mill Cemetery**
- 7 **Butler Island Rice Plantation**

2024 first-place winner of the 2024 Blessing of the Fleet, Grave Digger, Captained by Reggie Sawyer.

APRIL 11–13, 2025

The 57th annual **Blessing of the Fleet** will be held on the weekend of April 11, 2025. This annual event is a gathering of many commercial fishermen in McIntosh County as they ask blessings for a safe and bountiful harvest from the sea. Visit www.darienmcintoshchamber.com/blessing-of-the-fleet for complete and up-to-date information.

EVENT SCHEDULE

- **April 11 (Friday)**
Opens at 5:00 p.m. with exciting vendors, live entertainment, and family activities along Fort King George Drive on the beautiful Darien Waterfront.
- **April 12 (Saturday)**
Opens at 10:00 a.m. for a day filled with fun for all ages. Begin with the Darien 5K River Run at 8:00 a.m., then a must-see street parade, Art in the Park, great food and outstanding entertainment at our Waterfront Park. At dark, enjoy an exciting fireworks display. Come out for a full day of family fun!
- **April 13 (Sunday)**
Opens at 10:00 a.m. with more exciting vendors and great food. At 2:00 p.m., enjoy America's largest shrimp boat parade on the Darien River at the Darien Waterfront Park. Event closes at 5:00 p.m.

ADDITIONAL EVENTS*

- **November 8–9, 2024 (Sat & Sun)** Autumn Encampment, Fort King George Historic site. 9:00 a.m.–5:00 p.m.
- **November 21, 2024 (Thurs)** Annual Chamber Auction. 5:30 p.m.–9:00 p.m.
- **December 8, 2024 (Sun)** Joyful in Darien. 6:00 p.m.–8:00 p.m.
- **February 7, 2025 (Fri)** Altie Awards & Chamber Gala.
- **March 22, 2025 (Sat)** Friends of Shellman Bluff Golf Parade.
- **June 28, 2025 (Sat)** Red, White & Blue on the Bluff, 107 Fort King George Drive. 5:00 p.m.–10:00 p.m.
- **September 27, 2025 (Sat)** Marsh Madness Golf Tournament. 8:00 a.m.–4:00 p.m.
- **November 18, 2025 (Tues)** Annual Chamber Auction. 5:30 p.m.–9:00 p.m.
- **Second Saturday in Darien.** Held every second Saturday of the month. 10:00 a.m.–2:00 p.m.

For more information on the Blessing of the Fleet, events at Fort King George Historic site, or other happenings, contact the McIntosh County Chamber of Commerce at 912-437-6684, or visit www.DarienMcintoshChamber.com or www.DiscoverDarien.com.

*All event dates and times are approximate and subject to change.

28 TIDE CHARTS

Digging for treasures in Darien ...

HOW TO USE THESE TABLES

The calculations are for the outer bar. Find the reading for the desired tide. In the table below, find the number of minutes needed to correct for the place you are going to fish or swim. The outer bar calculation, plus this correction, gives the correct reading for the point desired.

CORRECTION TABLES

■ Eagle Neck / South Newport River 1 hr. 16 min.	■ Mud River at Old Tea Kettle Creek 45 min.
■ South Newport River 37 min.	■ Blackbeard Creek / Blackbeard Island 19 min.
■ Dallas Bluff / Julinton River 48 min.	■ Hudson Creek Entrance 37 min.
■ Harris Neck / Barbour Island River 54 min.	■ Three Mile Cut Entrance / Darien River 44 min.
■ Barbour Island / Barbour Island River 36 min.	■ Darien / Darien River 1 hr. 8 min.
■ Blackbeard Island 18 min.	■ Two Way Fish Camp 2 hr.
■ Dog Hammock / Sapelo River 33 min.	■ Shellman Bluff 45 min.
■ Belleville Point / Sapelo River 1 hr. 12 min.	■ Champney Island / South Altamaha River... 1 hr. 12 min.
■ Pine Harbor / Sapelo River 1 hr. 3 min.	■ Altamaha Park Tressle 4 hr.
■ Eagle Creek / Mud River 21 min.	■ Hampton River / Jones Creek 1 hr. 5 min.
■ Creighton Narrows Entrance / Crescent River 49 min.	

Disclaimer: This data is based on the latest information available at the time of printing; actual times may vary from these published tide tables. Heights are referred to mean lower low water, which is the chart datum of soundings. ■ All times are local time. Daylight Saving Time has been used when needed.

November 25–29, 2024

Thanksgiving Holiday

**December 20, 2024–
January 5, 2025**

Christmas Holiday

January 20, 2025

Martin Luther King, Jr. Holiday

February 17–21, 2025

Winter Break

March 10, 2025

No school for students
In-service for teachers

April 14–18, 2025

Spring Break

May 26, 2025

Memorial Day Holiday

May 30, 2025

Last Day for Students

McIntosh County 4-H members proudly stand with our County Commissioners, reviewing their accomplishments and experiences from this past year. A wonderful showcase of the impact of youth development and local leadership working together for a brighter future.

STATEMENT OF NON-DISCRIMINATION

Darien Telephone Company is an equal opportunity provider and employer. If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call 866-632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed letter containing all of the information requested in the form. Send your completed complaint form or letter via U.S. mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue S.W., Washington, D.C. 20250-9410, by fax 202-690-7442 or email at program.intake@usda.gov
